1. (Internal Use Only - JMW) Delivered to Robert Smart, to be handed to Representative Paul J. Kilday, two recent pictures of the CIA building.

Mr. Smart indicated that Vinson, Kilday and Aarons were somewhat perturbed at the action of the Rules Committee in holding hearings today on H. Con. Res. 3 and H. Con. Res. 9. In discussion with the Rules Committee arrangements have been made for hearings possibly next Tuesday and at this time Representative Kilday will testify in opposition to reporting these measures out. I believe no action is required by the Agency although we will monitor the hearings when they are held.
